READING

Here are the instructions for the next weekend's camping trip in Scotland. There are seventeen students going on this trip so it is important that you arrive at the meeting point early enough for us to be able to leave at 8am. There will be two minibuses and please make sure you are on the right one. Last week's e-mail gave you all this information.

We should arrive in the camping area at about 2pm, which will give us enough time to buy the food we need in the local supermarket. Then we will go to the area where we will set up the tents, which is a long way from town.

There will be a total of four large tents put up and each tent will have a tent leader, a student who went on this trip last year and has some experience.

We are not expecting very bad weather this weekend in Scotland, but the weather situation in the Scottish hills is always unpredictable and for this reason we have advised everyone to take wet weather clothing with you.

It is very likely that your phones will not work in the hills, so you must warn your parents of this. You will be able to use your phones when you are in the town, but with difficulties when we are camping.

If you have any other questions about the trip, come either to me or to your class teacher.

Rozhodnite, či tieto vety sú pravdivé (T) alebo nepravdivé (F)
